

**BALA ASSOCIATES**  
ENGINEERS & CONTRACTORS PVT. LTD.

**Found in 2001**, as Bala Associates (a proprietor firm) and registered as private limited company in the year 2010 and named as Bala Associates Engineers & Contractors Private Limited. We are one of Chennai's leading commercial plumbing contractors, are your trusted resource for new constructions, renovations and upgrades. We provide sophisticated and creative solutions to **residential, commercial, hospitals, retail and industrial plumbing** challenges with a great care and timely manner. Our personal skills are supported by our full embrace of the latest technologies bring new levels of accuracy and efficiencies to projects and allow us to help you to complete the projects.

The company is constantly focusing to provide high quality, reliable and innovative plumbing & fire fighting services. The company employs about 70 permanent staffs (Includes office staffs and site engineers) and above 300 plumbing technicians and fire technicians and helpers. We have successfully completed projects for IT Parks, commercial flats & residential apartments, Hospitals, Hotels, Factories and individual bungalows covering various states in India.

Our unique ability to provide innovative, specialist activities combined with more traditional plumbing and Fire Fighting services, enables our clients to use one company to achieve their goals. To help achieve this we maintain an experienced management team working with a properly trained, competent work force.

### MISSION

At Bala Associates, our overriding mission is to excel in providing superior professional and ethical plumbing services, establish lasting Relationships with you, our client, by exceeding your expectations and gaining your trust through exceptional performance from every Member of our plumbing team and consistently satisfy clients with top-quality plumbing solutions.

### TEAM WORK

Our projects are well-orchestrated collaboration between diverse specialists. Through real-time communication, we carefully coordinate Every step of the process with client, architect, engineers, material suppliers, and other team members. We take sole responsibility for overall Management of the plumbing process, freeing our clients to concentrate on their business.

### KEY OBJECTIVES

- To be the intelligent 'cando' contractor our clients want to use
- To deliver a professional, high quality service dedicated to meeting our clients requirements and expectations
- To maintain safe working environment all the times
- To expand our business and develop services mutually beneficial to our valued clients

## **KEY EXECUTIVES**

Deci Kumari has done Administration and responsible for company's purchase activities.

### HEALTH AND SAFETY

Safety is at the forefront of everything we do. We are very proud of our excellent safety record, working in some of the most demanding safety environments across all the projects. Our safety measures include

- Providing all necessary safety accessories like, tested helmets, safety shoes, safety belts, safety glasses and etc...
- Continuing education for all employees and subcontractors
- Weekly meetings
- Mandatory audits for those using power tools and equipment
- Reward for employees for adherence to safety measures
- Results! We are proud to be 100% incident free for over 10 years!

### AMENITIES PROVIDED

Our labor has been provided with labor quarters at each site in major projects. There has been a permanent labor quarters maintained at a centralized location to have access to the various projects across the city. The labor are brought to the site using a private transport vehicle which enables our labor to come to the site punctually.

### QUALITY

The most important thing we build is relationships through our experience. Over the years, we have forged lasting, mutually rewarding alliances with clients, architects, consultants, construction companies and engineers. Time and again, they come back to us for experienced consultation, quality work, responsive service and attention to detail.

### COST CONTROL

We maintain strict budget control in a number of ways through our experience. First, our purchasing power and knowledge of the supplier and subcontractor market allow us to obtain the best possible value for every plumbing dollar. Second, our adherence to cost-discipline, scheduling and critical-path purchasing offer additional savings. Finally, real-time reporting provides you with

sufficient lead time to make informed business decisions that further control costs.
